

# Employee Eligibility

**Easy Qualification**

**Access To Life-Enriching Products**

**Disciplined Payment Plan**

Why should employees use Purchasing Power for personal computer, electronics, and home & appliance needs?

- **Easy Qualification:** To participate, employees only need to meet the tenure and salary requirements.
- **Access to life-enriching products:** Top brands, home delivery, and customer service simplify the shopping experience.
- **Disciplined Payment Plan:** Spending limits are based on salary and a convenient 12-month repayment plan via payroll deduction makes purchasing easy and affordable. No more missed payments or late fees.

When an employer participates in the Purchasing Power program, employees can simply go to [www.purchasingpower.com](http://www.purchasingpower.com) and register for an account to view the entire catalog. There are no sign-up fees and no obligation to buy.

**"As a federal government employee, you don't have to worry about being turned down and the qualifications are simple."**

**— Michele**

*You don't have to worry about being turned down and the qualifications are simple."*

For additional convenience, employees can respond to marketing materials and have the option of placing an order online or by calling Customer Service.

## Once an order is placed

After an order is placed, Purchasing Power will send an order packet via email or fax. This includes an order agreement and next steps in the confirmation process. Employees will need to complete the paperwork and return it to Purchasing Power to complete the order. Purchasing Power will then verify employment and place the order with the supplier.

## Billing Process

Once an order is placed and Purchasing Power has completed verification, we will add the employee to a deduction schedule and send this to the employer to administer.

## Products Shipped Directly To Your Home

Next, products are shipped directly from the supplier, generally taking 7-10 days from completed order to arrive to the employee's home.

## Payments are automatically deducted from employee's paycheck.

Payments are automatically deducted from the employee's paycheck for one year. Deductions will continue each pay period until the order is paid-in-full, at which time paycheck deductions will stop.

- **Order Process**
- **Billing**
- **Shipping**
- **Cancellations and Returns**
- **Changes in Employment Status**

Customer service representatives are available for order and billing support between the hours of **8:00 a.m. and 11:00 p.m.** Eastern Standard Time, **7 days a week**. Our customer service representatives are well trained in answering questions about:
